Street plan aired

A long-range major thoroughfare plan, envisioning development of a belt system of arterial streets around Bay St. Louis, was presented to the City Planning Commission at a joint meeting Tuesday night with Commission Council.

Robert Bateman, Mobile planning consultant, presented the recommendations as the planning group moves into another phase of its job after completing its proposal for a city zoning ordinance.

City Commissioner J. Cyril Glover said the planners greeted the street proposals with some skepticism and decided to ride around the area to see if they can develop some alternatives which may ease traffic congestion in the immediate future.

The Bateman recommendations call for development of Engman Avenue from North Beach in Cedar Point as a major thoroughfare to Felicite Street and new construction to tie it in with Blue Meadow Road.

Planners objected to Bateman's plan to develop State Street as a thoroughfare paired with Main Street for the beach business district. They noted State now has only a 13-foot right of way and there is little prospect for widening the entrance on Beach with a motion picture house on one side and the Jaycee building on the other. Glover estimated it would cost at least \$100,000 to secure the

necessary right of way even with condemnation proceedings.

Toulme Street is proposed for development from State south to Union, thence along Blaine Avenue with construction recommended for a direct tie-in to Central Avenue and thence along the railroad tracks to Nicholson Avenue. Union Street also would be expanded in the central business district.

In South Bay, Bateman's plan calls for use of Bay Oaks Drive to the railroad with new construction across the tracks. One fork would be built in a northerly direction to Turner Avenue, thence to U. S. 90 and a new intersection with Washington Road, another from Bay Oaks westerly to Second Street in Waveland and on to Nicholson Avenue.

Planners indicated they would confer with Waveland town officials to see what plans they have for similar street development since a portion of Bateman's officials to see what plans they have for similar street development since a portion of Bateman's recommendations are in that area.

The city commissioners noted a survey for widening Main Street from the Beach to Toulme is now under way.

Planners present were Fred Wagner, chairman, Howard Adams, Henry Chapman, E. M. Brignac, James Fillingame and Andy J. Becker.

Building bustle signs begin to show at MTO

If you want to compare rocketry to automobiles, you might say that NASA's Mississippi Test Operations has shifted into second gear. That is, the long awaited construction phase of the development of this \$500 million rocket testing facility in Hancock County has finally hit.

MTO won't be dropped into high gear until it begins test firing rockets in the summer of 1965.

For those not familiar with the space agency's 141,000-acre tract of piney woods and cypress swamps, MTO is destined to play a most vital role in this nation's plans to land Americans on the moon in this decade.

The southwestern section of MTO's 13,500-acre fee area—or main complex—is already a beehive of activity with bulldozers, dredge rigs and other heavy equipment almost running over each other in the bustle of construction.

Huge rocket testing towers, laboratories and industrial shops will soon rise on land once noted for timber and as one of the South's greatest fishing and hunting grounds.

A big 250-acre boat harbor where barges loaded with big Saturn moon rocket engines and stages will some day arrive for testing has already been cleared and a pilot channel has been cut for more than a mile into the harbor and lock area from the East Pearl River.

The construction dock site has been cleared and work is moving along at a fast pace on the ex-

cavation of a big lock. Clearing has begun on an 850-acre Saturn V complex where four test positions to static fire the Saturn V S-IC booster and S-II second stage will be built.

The first barge load of construction materials has pushed up the East Pearl River. It brought sheet steel all the way from Pennsylvania. The first train load of materials to ride on the new 10-1/2 mile railroad recently completed by Southern Railway has arrived.

There is already \$15,816,105 worth of construction going for—

Fla. firm gets first stands job

Greenhut Construction Co. of Pensacola, Fla., has been awarded a \$1,777,221 contract to build foundations for the first two test stands at Mississippi Test Operations.

Announcing the award, 3rd Army headquarters at Ft. Monmouth, N.J., said the contract includes clearing some 70 acres, excavating about 400,000 cubic yards, driving about 1,670 piles for the two Saturn V stands and building re-inforced concrete sub-structures.

Meanwhile the Corps of Engineers at Mobile called for bids Aug. 22 on building dock facilities at which cargo barges will anchor to transfer liquid hydrogen and oxygen propellants from or to land-based storage tanks, and on Aug. 28 for a central heating plant to serve the support area. The latter will be a 85x120-foot building with three 40 million BTU per hour high temperature hot water generators, air conditioning equipment

Mitchell quits Demo committee

Resignation of Jerry Mitchell as one of Beat 4's three members on the county Democratic executive committee was confirmed Wednesday by Chairman Joseph V. Colson. He said Mitchell resigned in a letter dated July 26.

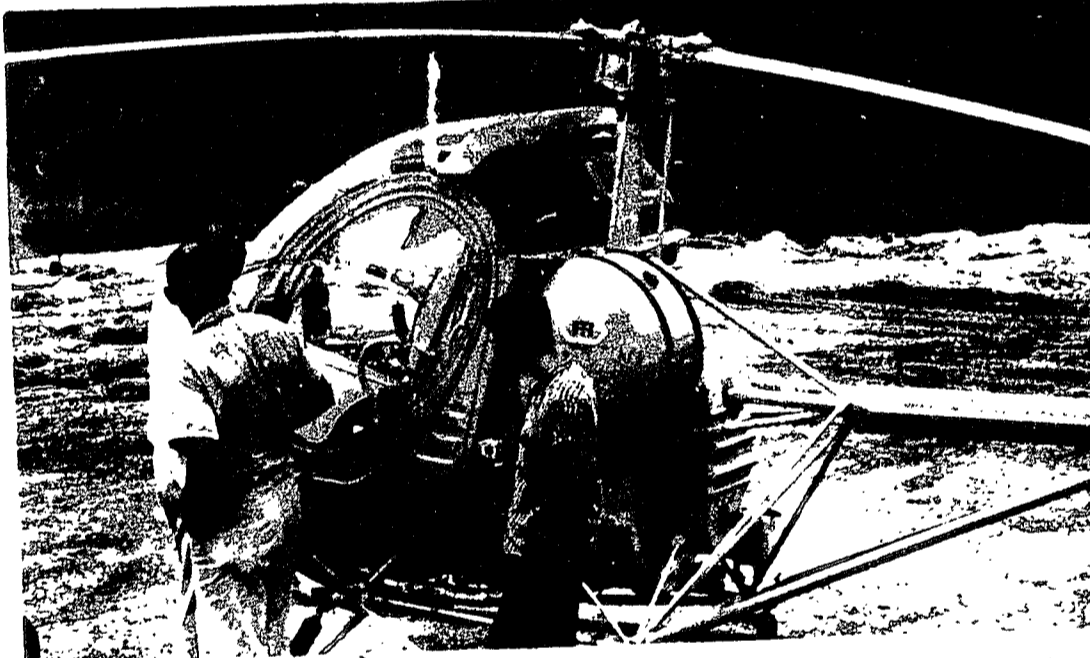

The 15-member body has one other vacancy since Wilton Wheat of Beat 2 moved out of the state when his home was acquired for the NASA project. Colson said it has not yet been determined whether these posts will be filled now or held until the reorganization next spring. Other Beat 4 members are Dick Kewin and John Koenig.

Quorum delays supervisors on road case

For the second time this month the board of supervisors failed to get a quorum Monday and had to postpone hearing another set of witnesses in the petition of one citizen's group to reopen an alleged public road in the vicinity of Lazy V arena off Kiln Road. Another date is to be set when the board has its regular first meeting of August next Monday.

Only two supervisors were present: I. M. Frierson of Beat 2 and R. C. Hubbard, Jr., of Beat 5. The same two were there three weeks ago when the board had a date to hear from the port and harbor commission.

H. G. Dunn of Beat 1 had been at the Courthouse earlier that morning but was called home by the illness of one of his children. Charles Lovinghouse of Beat 3 was said to be with his wife, a patient at Crosby Memorial Hospital in Piquette, and James D. Neebles of Beat 4 had no telephone to be reached about his availability.

SULLIVAN'S LAUNCH CRAFT — Helicopter carrying gubernatorial hopeful Charles Sullivan on handshaking tour of north Hancock County came down with jolt about noon Tuesday opposite Melva's Place at Kiln and rotor blades were damaged. It was dragged from road to parking area and Sullivan continued by truck and was due back last night for speech at Courthouse.

Fish fry opens St. Clare's fair on Friday

St. Clare's Catholic Church of Waveland will have its annual fair this weekend with a fish fry from 5 to 8 p. m. Friday kicking off the program.

Henry Duvette to chairman for the fish fry with Edward LeVasseur in general fair chairman. The program will get underway Saturday afternoon and continue Sunday.

Committee chairman include John Audure, fund raising; Sterling Balaski, booths; James Legasse, advertisements; James DeBlanc, erection and building of booths; Roy Sam, publicity; Carlos Lozano, New Orleans donations and gifts; Alex Hunter, electrical work; and Martin Marshall, refreshments.

School time nears again

School time is just about a month away for a couple of thousand Hancock County students.

Bells will ring Friday, Aug. 30, for public school pupils. Registration is set for that day with classes to begin right after Labor Day, on Tuesday, Sept. 3. That's the schedule both the Bay St. Louis Separate Municipal District and the county school system will follow.

Bay High School Principal Donald Caldwell took occasion to remind newcomer families in the area to see that their high school age children register with him promptly so that various teaching loads can be determined. Several have done so already but indications are there are many yet to sign.

Caldwell's office will be open daily until 4 p. m. for that purpose.

Standard exchange phones open Sunday

Telephone service will finally come to north Hancock County this Sunday when Southern Bell's new operation covering the Dedeaux, Sellers, Necaise Crossing and Standard areas.

About 100 miles of telephone cable and wire has been buried by a special plow to connect the applicants with the office at Standard and to the Pass Christian office, according to Gulfport group manager, J. C. Dabney. Submarine cables are being placed across Bayou Portage, Bayou Delisle and Wolf River.

Most of the initial subscribers already have been wired and others will be in the next few weeks. Listings for the Standard exchange are in the new phone directory under Pass Christian and carry the prefix 255, rather than the 252 or more familiar Glendale 2 of existing Pass subscribers. Connection with the Pass Christian exchange enables customers to dial without toll charge places in Gulfport as well as Bay-Waveland while those on Homestead lines (Bay St. Louis)

READY FOR THE COUNT — Checking huge scoreboard which will carry returns from state and local contests in Tuesday's Democratic primary are Jaycee Gerald Cox and Joseph Kersanac as Al Summy puts finishing touches on chart. Three more sectional boards are to be completed and will be installed at Jaycee Hall for tallying returns Tuesday night and relaying from county precincts to Biloxi's WLOX-TV. Jaycee committee heads include Cox, tv relay; Kersanac, concessions; Tom Logue, house; and Bert Stieff, communications.

Primary is Tuesday

6,000 vote forecast

Upwards of 6,000 voters in Hancock County are expected to go to the polls between 7 a. m. and 6 p. m. Tuesday in the Democratic primary to select the party nominees for all state, county and district offices for the next four years.

Six more candidates made formal announcement of their bid for office during the final week as campaigning moved toward a climax.

On the state level, John Dale of Lucedale said he would run for public service commissioner from the southern district. Two more aspirants for the 43rd senatorial district seat made known their candidacies — John V. Ladner of Hancock County and R. J. Williams, brother of Piquette's mayor.

Joining the race for sheriff and tax collector is Oresale Ladner while Kenneth McCarty said he would seek another term as county superintendent of education. In Beat 5, Gerald Favre came out for constable.

Circuit Clerk Lamar Ols said precinct buses will be sent out Saturday and Sunday in preparation for the election. Absentee ballots may still be cast this week. As of noon Wednesday, 102 had been issued for persons in the armed forces and 22 for transportation workers. These are the only types of

Harry hears ... Play-off prelude

Play-offs for the play-off! That's the unique situation facing both the Bay Softball and Women's Softball Leagues at the end of regular season play. Three teams are battling it out for first place among the men while a pair of women's squads remain deadlocked in that league.

Southern Realty tripped Trappan's Knock-Knock Monday night for the second time in as many meetings this season and, coupled with a Reimke win over the Catholic Youth Organization, created an incredibly close situation in the Bay Softball League. Not knowing at this writing how Wednesday night's important final league doubleheader came out we can't say for sure who'll play who in up-coming playoffs but extra games will be needed for certain to decide playoff representatives.

Reimke's Dirt Dabbers through Monday's games led by a half game over Southern Realty and Trappan's Knock-Knock. Assuming (rather cheekily), however, that Trappan and Realty was last night as expected, a three-way tie for first exists. League officials have decided to let two of the three play Friday night should the situation exist, after which, either Friday or Monday the two winners would play for the regular league championship. The two losers would then meet for second and third place.

If the above is true, Industrial will be the fourth team in the playoffs, although if CYO upset Trappan last night, Industrial and CYO will have to meet for that spot. Should that be the case, Trappan would claim third place in final standings and Southern Realty, still assuming a Wednesday night win over Kila Youth Center, would play Reimke Friday for the title.

We won't even attempt to pick any winners at least until the playoffs. The league has so much balance — Reimke and Trappan have outplayed victories, Southern Realty and Reimke have divided in two meetings, and though Southern Realty has posted two double wins over Trappan, they've lost twice to CYO, double victim of Reimke. Confused?

Decision faces women's play

Mollere Realty and Moran continue on an even basis in Women's League play and if both win their home remaining league game they'll have to play each other to determine league champion and play-off positions. A league meeting will determine whether the pair will play one contest or two-out-of-three.

Moran has been leading Mollere Realty, statistically, throughout the campaign, averaging over 13 runs per game while allowing only about 7.5. Mollere is scoring at a rate of about 11 runs per game while giving up the same amount as Moran. However, league secretary and scorekeeper Mrs. Harold Kramsky remarked after Sunday's Mollere victory that the winners turned in the best single performance she'd seen since the league's formation.

The pair have met five times in regular play, with Mollere coming out on top three. Scores have ranged from 10-15 to 5-2. Jaymes has clinched third place while CUG will enter the playoffs from the fourth spot.

Still, one of the most remarkable things about this season is the fact that 60 games have been played through Monday while only two have been rained out.

7-Up stars in Little League

Little League play continues to provide excitement as 7-Up has passed Gulf Coast Express in the race for first. 7-Up has dropped but one game and is going to be hard to beat, sporting league and tournament triumphs over Express, only team with much chance to overtake the leaders. The championship could depend upon 7-Up's final game of the season later this month, against Gulf Coast Express.

Pony league play is picking up — the Sea Coast Echo Scoops, winless all season, suddenly won two in a row recently in addition to capturing first place in last week's all-day tournament. Feby Drug continues to be the league's top team, however, and Youth Center remains in second place.

Side bars

While the Bay Bourbon sailing series was going on in Bay St. Louis and the Curran Regatta for expert skippers in New Orleans, several Bay enthusiasts took in portions of the Biloxi Invitational Regatta over the weekend. Commodore K. W. Pepperdene and sons, Leslie and Kenny, the Sam Whitfields and son Bob, Mr. and Mrs. Bill Pitts, Valda and Billy, Sarah Dale McFarland, Piji White, Kathleen McAuley, and Susan Clark were among those attending. Henry Baiter, former Bay resident, also was in Biloxi.

Congratulations to Chuck Breath, Basil Kennedy, Walter Chamberlain and crewmate Dick Messinger on winning the Gulf Yachting Assn. Junior Lipton championship recently staged at Port Walton Beach. This marks the first time Bay-Waveland has won a GYA Lipton regatta — the men are yet to perform the feat.

Alumni group forms

for college funds

A Hancock County Inter-Alumni Council composed of representatives appointed by institutions of higher learning in Mississippi — H. H. Shattuck of Mississippi State University; William A. Phillips, Jr., University of Mississippi; Mrs. Don M. Russell, Jr., Mississippi State College for Women; and Michael D. Haan, University of Southern Mississippi — met last Monday with Powell Ogletree, USM alumni secretary and coordinator of 25 south Mississippi colleges giving the program.

Purpose is to seek adequate legislative support for the right institutions of higher learning of the state and the council will seek views of legislative candidates on funds for these schools. Shattuck was chosen chairman of the group.

Yacht club to have social on Sunday evening

An old-fashioned celebration that tops the social calendar this Sunday at Bay-Wave Yacht Club.

The come-as-you-are affair goes under way at 5:30 p. m. with the first hour providing refreshments and socializing in the lounge. Musically-entertained here are being asked to bring their instruments and a professional pianist has been secured for the music entertainment.

Dancing commences at 8:00 p. m. Commodore E. W. Peppers will award summer season sailing prizes in the Bay-Wave event, Class A and junior skipper championships and the crew trophy.

Handling arrangements for the Sunday summer social are Mrs. Richard Brown, G.S. Kennedy, Jr. and David P. Brown.

Plan reception

Mrs. and Mrs. Edward Stynes will entertain with a reception at 2 p. m. Sunday, Aug. 4, at their home in compliment to their daughter, the former Miss Mary Ellen Stynes, whose marriage to John Joseph Lachar, son of Mr. and Mrs. John Lachar, will take place here. Friends are invited through this medium.

Both the bride and groom attended Hancock North Central School and he is employed as a surveyor in Long Beach.

City Echoes

Miss Katherine Mason of New Orleans is visiting her grandparents, Mr. and Mrs. R. A. Schumacher.

Mr. and Mrs. Ted Perry arrived Tuesday night from Ft. Worth, Tex., for a visit with his mother, Mrs. Edward S. Perry of North Beach, and her parents, Mr. and Mrs. John S. Moody of Poplarville. They will spend the weekend in Poplarville and to here next week.

Guests of Mr. and Mrs. Gerald S. Kennedy, Jr. are her aunts, Misses Sue and Ann Thompson, West Gilly and Ellen Avery, all of New Orleans.

Visitors during last week with Mr. and Mrs. Morris Gooden were Mr. and Mrs. Quentin Dwyer and children, March and Joan, Mr. and Mrs. Lorne Hobbs and children, Mr. and Mrs. Charles Moore, III, and children, and Mr. and Mrs. Ray Miller and children, all of New Orleans.

Mr. and Mrs. Allen Young and children of Ocean Springs visited Mrs. A. D. Barwood Sunday for the Goodwill-Fayard wedding.

Visitors of Mr. and Mrs. James Senter were Mr. Robert Senter and children of New Orleans.

Mr. and Mrs. Morris Gerchman as guests Mrs. Marie Harris and daughter, Joanne, and sons, James and Alfred, of New Orleans.

Mrs. Corvina Smider is able to be out again after being confined to her home for the last three weeks.

Mrs. George P. Dickson and daughter, Mary Lou, will arrive shortly from their home in Burlington, Ia., to be with her parents, Mr. and Mrs. O. E. Pope, on the occasion of their 50th wedding anniversary Aug. 10. They will be guests of Mrs. Dickson's brother-in-law and sister, Mr. and Mrs. Lambert Boyd, Jr.

Mr. and Mrs. Joseph H. Phelan had as guests last weekend her sister-in-law, Mrs. O. J. Key, Jr., and children, Stephen, Melinda, Chadey and Chris, of

New Orleans. Their son, Kenneth, had as his guest Miss Penny Arcep of New Orleans, while their daughter, Ellen, is due home this weekend from the summer session at Tulane University, bringing with her Pat Mashburn.

Brad Washam of Houston, Tex., fiancé of Miss Sydney Pragne, visited in the S. W. Pragne home last weekend. Expected Friday are Mr. and Mrs. George Corvitch of New York, brother-in-law and sister of the bride.

Mrs. George Stevenson, S. Patrick Murphy, and daughter, Mary Ellen, attended dedication ceremonies at the Children's International Summer Village at Long Beach Saturday. Twenty-five children, representing six foreign countries and the United States, are participating in the camp that is designed to promote international understanding and good will among children with parents of leadership.

Rev. Kevin Reid, former assistant pastor at Our Lady of the Gulf and now carving in Greenwood, is visiting in Bay St. Louis for a week.

Mr. and Mrs. John Stone returned Friday from a 10-day vacation in Oxford. Daughter Carol remained in Oxford with relatives and is expected home sometime next week.

The H. H. Shattuck family entertained Mrs. W. G. Holmes of Gulfport and Miss Alexandra Grant of Yazoo City with a picnic luncheon Tuesday at Bay-Wave Yacht Club. Sixteen-year-old Miss Grant, cousin and former neighbor of the Shattucks in Yazoo City, has been staying at the Edgewater Gulf Hotel this week.

Among those from Bay St. Louis in Handsboro last Thursday for the launching of Leo Seal, Jr.'s, new boat were Mr. and Mrs. Howard Adams, Mr. and Mrs. Fred Wagner, Jr., Mr. and Mrs. P. E. Porter, Jr., Mr. and Mrs. James McDonald, Mr. and Mrs. C. C. McDonald, Jr., Mr. and Mrs. John McDonald and Sydney Pragne. The vessel, christened by Mr. Seal's niece, Lisa Wagner, has been named the Doris M.

Betrothal has interest here

Of local interest is the announcement of the engagement of Miss Judith Ann Kallender, daughter of Mr. and Mrs. Thomas Ernest Shaffer, also of New Orleans. The wedding will take place at the Church of the Most Holy Name of Jesus in New Orleans Sept. 28 followed by a reception at the Orleans Club.

The Shaffers lived in the Bay several years prior to returning to New Orleans last year. The groom-to-be attended St. Stanislaus College and Loyola University in New Orleans.

T. A. Humphreys is recuperating at his home after 15 days in Hancock General Hospital and is still under his physician's care.

Mrs. Ann Langley of Waveland is to undergo surgery today at Hancock General Hospital.

VOTE FOR AND ELECT HERMAN J. MAZARAKIS

SHERIFF AND TAX COLLECTOR
Hancock County

In the August 6, Democratic primary election

My only promise to you, the voters of Hancock County, is to as faithfully perform the duties of Sheriff as I did as Beat 5 Constable in 1956 to 1960; and to run the office of tax collector in an efficient, business-like manner.

I will sincerely appreciate your support

with a capacity of 50,000 BTU per hour and two fuel oil storage tanks.

Forty-five industrial firms have been invited by NASA's Marshall Space Flight Center to bid on providing liquid hydrogen for both MSFC and MTO.

Current estimates of the fuel required between April 1, 1965, and December, 1970, total 78.28 million pounds at a cost of about \$37 million. MTO will use it for tests of the S-II stages of the Saturn V.

Award of the contract, expected about December, will result in construction of a storage facility within 50 navigable miles of MTO and a new liquid hydrogen manufacturing plant situated at the contractor's discretion. Terms specify that the contractor in addition to building and operating the plant will provide a storage facility for liquid hydrogen and liquid oxygen. The government will procure the storage facility for liquid hydrogen and liquid oxygen. The government will procure liquid oxygen through formal advertising and store it at the facility near MTO.

Two bids are asked to be submitted, one for a 30-ton-per-day production capacity plant and one for a 20-ton-per-day plant which could be converted quickly to a 30-ton capacity if necessary.

A survey by MSFC of production capacity and estimated future needs for liquid hydrogen prompted a recommendation that a new plant be constructed east of the Mississippi River. It would supply the liquid hydrogen needs of MSFC and MTO and serve as a back-up source for Launch Operations Center at Cape Canaveral in an emergency.

MTO is scheduled to begin rocket testing in the summer of 1965 and will employ about 2,500 permanent persons when in full operation in 1966.

When the monumental construction phase hits its peak next year there will be more than 3,000 construction workers on the site.

3 local squads in Biloxi event

Three local teams are participating this week in the annual Mississippi Girls' Slow Pitch Softball Tournament in Biloxi. The double elimination affair began last night at the Biloxi VA diamond with Mollers Realty, Moran, and Jerome of the Bay St. Louis league all seeing action.

Four Biloxi squads are entered in the tournament along with the Bay representatives, and the survivor will represent Mississippi in the world tournament in Cincinnati later this month. Fielding teams are Mollers, Moran, Jerome, Tibbler's Constables, Aughinbaugh Canning, Kessler WAFS and Ric Potom Chaps.

Favres entertain 7-Up ball team

Mr. and Mrs. Neilus Favre entertained the 7-Up Little League baseball team with a hamburger party at their Main Street home Sunday night. The team is a family affair as Mr. Favre is manager, two sons are team members and another son is bat boy.

Mrs. Claude Yarbrough, Mrs. Charles Williams, and Mrs. Georgia Rose Stevens assisted in serving. Others attending besides players were Billy Thomas, assistant manager, and Anthony Morreale.

Elect

JOHN V. LADNER

FOR HANCOCK AND PEARL RIVER COUNTY

TO THE VOTERS OF HANCOCK AND PEARL RIVER COUNTY:

I would like for you, the voters of the 43rd Senatorial District, to consider this as my formal announcement. It means so much since all the confusion has come about my running for the senate.

In my bid for the senate I had to call on my great love for my people again this time in the 43rd Senatorial District to use my fighting ability to defeat the political dictators of Hancock County and have my name presented to you the voters of Hancock and Pearl River counties so that you may have the opportunity to qualify or disqualify me on August 6. I feel that under this form of government, this is your job and not a few dictators.

I received the third highest award that the U. S. Government (Bronze Star) has to offer. I received this for the great love I have in my heart for my fellow man. I went above and beyond the call of duty to save lives and help defend the great form of government that we the people of America enjoy today. I would not just do my job and feel that I had done my share, but instead I used my ability to even go further, but the real recognition should go to those that never returned.

To you, the voters, I can only make two promises. The first is if you elect me as your senator I will represent Hancock and Pearl River Counties to the fullest extent of my ability with all the enthusiasm and drive that I possess, and number two, I will make an all-out crusade to prosecute and convict any publicly elected officials who misuse our tax dollars. I will not make all the usual political promises that I do not know whether or not I could fulfill. All I can say is if you elect me, I feel very confident that in years to come you will be able to look back to the year of 1963 and feel proud of having elected JOHN V. LADNER. Then V. is my name and I am a victory for me is a victory for you. Thank you for your vote, and your children, JOHN V. LADNER

R. G. (MANNY) HUBBARD

SOUND LEADERSHIP IS PROVEN BY ACTIONS ... NOT WORDS!

During the years I have served you on the Board of Supervisors, I have worked unceasingly to bring about a sound, progressive government in Hancock County, putting forth my best effort to serve you well, with foresight in the expenditure of public funds, and good judgment in dealing with problems which effect your welfare.

Our county has made greater strides in the past eleven years than in its entire history! Most of you will recall that during my first few years on the

Board, it was an up-hill fight. Your confidence in my integrity and leadership, and my confidence that improvements could be made and a sound financial condition realized, gave me the determination to persevere. Although when I took office there was practically nothing in the Seawall and Beat 5 funds, with the cooperation of other members of the Board, sound management soon enabled us to attain record accomplishments. Here are some REAL facts and figures!

1. SEAWALL MILLION DOLLAR DEBT PAID OFF

1926, original bond issue	\$1,250,000
Paid in 26 years, from 1926 to 1952	233,000
PAID IN LAST 11 YEARS	
During my tenure of office	892,000
Balance owed	125,000
Now on deposit in Bank	
In Seawall Bond Fund	201,000
In 11 years we have paid over a million dollars!	

2. NEW HOSPITAL, \$541,000.

Our new, modern, well-equipped hospital, which is such an asset to our County, was built at a cost of \$541,000. Plans are made, waiting for final approval, for a 26 bed addition at a cost of \$350,000. THIS ADDITION WILL NOT COST THE TAXPAYERS ONE CENT IN ADDITIONAL TAXES.

3. COUNTY HOME, \$26,000

This attractive, comfortable home was built in the rear of the hospital grounds with the foresight of saving thousands of dollars by not having to buy another building site, as well as having the advantage of close medical attention for the old folks.

4. HEALTH CENTER, \$24,000

Our modern Health Center, situated next to the hospital, has proven a great help to the school children of our county.

5. AGRICULTURAL BUILDING, \$60,000

Several years ago we purchased the old Creamery building, renovating it for county offices. It houses the Agricultural Department, Welfare Department, Forestry Commission, Home Demonstration office, Soil Conservation office and many other state and county offices.

6. WELFARE

Nearly \$10,000 a year is what the Board of Supervisors is now contributing (in rent and salaries) to aid in distribution of commodities.

7. ROAD EQUIPMENT, over \$200,000

In its entire history, Hancock County had never owned road building and hard surfacing equipment. During the last 11 years we purchased over \$200,000 worth of fine road building machinery. Many miles of roads have been hard-surfaced in our county with this machinery. Through the use of this equipment, USING LOCAL LABOR, THE HUGE PROFITS ON ROAD CONTRACTS ARE NOW SAVED FOR OTHER PROJECTS, and THE DOLLAR IS KEPT AT HOME. We save 67% constructing roads ourselves, which enables us to build MORE roads with your money.

8. ROADS BUILT

Many miles of roads have been built in EVERY PART OF BEAT 5, which were, before my tenure of office, only recognizable on maps. More than 50 ROADS HAVE BEEN BUILT.

9. HARDSURFACING

MORE THAN 25 MILES of roads have been hardsurfaced in Beat 5, with still more to be done. This is the first time in the history of Beat 5 that roads have been hardsurfaced by a County Supervisor.

10. AIRFIELD

With county labor and equipment, we built the landing strip which is now so much in use by residents, visitors, and aviation enthusiasts.

11. BEAT 5 ROAD AND BRIDGE FUND, \$52,000

My Beat 5 Road and Bridge fund is SOLVENT. To other districts I have lent \$15,000 which, when paid back, gives me a balance on hand of \$52,000.

These achievements and MANY MORE worthy and necessary projects of which space does not permit a detailed account, which all contribute to the progress of a community, have been accomplished through CONSTRUCTIVE SPENDING and SOUND MANAGEMENT of our tax funds during the years I have served as your Supervisor.

WE HAVE COME A LONG WAY! With the opportunity of expansion and growth such as we anticipate in the immediate future, and your knowledge of my policies and experience in public office, I solicit your vote of confidence in my ability to manage our County affairs, and pledge CONTINUED PROGRESS.

Mrs. McFarland has Bay Bourbon lead

Mrs. W. L. McFarland sailed to a pair of second place finishes and leads five other skipperettes into the second half of the Bay Bourbon racing series currently under way at Bay-Waveland Yacht Club.

Bay Chamberlain and Mrs. J. W. Watts won the two Bay Bourbon races last weekend but neither finished high enough in the other races to offset Mrs. McFarland's two seconds. Races will be at 2 p. m. Saturday and Sunday concluding the series.

Pass Christian won the Curran Regatta for experts in New Orleans Saturday and Sunday. Bay-Waveland, after a first by Harry Chapman and a fourth by Bill Wynn, was only a point behind entering the final race Sunday but lost out under unfortunate circumstances. According to local sources, sailors were given insufficient time to start the

last of the three races with the result that only Pass Christian was in good position at the outset. Bay-Waveland's Bill Reeves was far from the starting line along with several others and didn't sail.

Six additional races were sailed at Bay-Waveland over the weekend.

In expert races, Ray Schaffel posted two wins and Jack Gordon one. Bill Egan, Basil Kennedy and Ed Heath came in second.

Tim Egan won one of two Class A races with Jean Reeves in second position. Bay Chamberlain won the other class of Judy Reeves. The lone junior race, a six-boat affair Sunday, was won by Lon Adams with Bill Egan, Jr., second.

Regular weekend races will continue Saturday and Sunday in expert, A, and junior divisions in addition to the Bay Bourbon series.

Mitchell pitches Kiln to victory

Kiln Youth Center upset Kramboy 4-3 and Industrial Enameling nipped Roland Signs 3-2 Friday night in a pair of tight wall-played Bay Softball League contests. They were the last regular league games for all except KVC, facing a make-up game with Southern Realty.

Jerry Mitchell, surprise pitching choice for Kiln Youth Center, hurled his team to victory over Kramboy. Mitchell and Jimmy Ladner collected two hits in three bats for the winners and Leslie Blalze and Harold Kramboy were 2-3 for Kramboy. Bruce Favre was the loser.

Industrial moved to within a stone's throw of a spot in league playoffs with a close win over Roland Signs. Waverly McGill and Red Davis were 2-3 at the plate for Industrial while Clifford Vogt and Louis Ladner had 2-3 for Roland Signs. Davis was the winning pitcher and Ladner moved to within a stone's throw of a spot in league playoffs with a close win over Roland Signs. Waverly McGill and Red Davis were 2-3 at the plate for Industrial while Clifford Vogt and Louis Ladner had 2-3 for Roland Signs. Davis was the winning pitcher and Ladner took the defeat.

Southern Realty trounced Roland Signs 16-6 Wednesday in the nightcap of a double bill. Wilmer Seymour and W. J. Cameron were 3-5 for Realty, headed in the direction of a first place tie. Last-place Roland Signs, losers five times during the season by one run, was led by Ronnie Maurig's 3-4 and Clifford Vogt's 2-3. Don Caldwell was the winner on the mound and Louis Ladner the loser.

Trapped scored a 12-2 losing of Kiln Youth Center in the color Wednesday game. Billy Murphy and Sandy Strong had part Birth!

Mr. and Mrs. John C. Glover, Jr., a daughter, Marilee Cary, born June 30 in Kansas City, five pounds, four ounces. Mr. and Mrs. Cyril Glover are personal grandparents. Mrs. Marie Stevenson of Kansas City, is the maternal grandmother. Great grandmother is Mrs. Harry C. Glover of New Orleans.

R. J. WILLIAMS Announces For STATE SENATOR

I, R. J. Williams wish to take this opportunity to announce my candidacy for the office of State Senator for Pearl River and Hancock Counties.

First, I would like to give you a brief history of the earlier years of my life, and then present to you also my qualifications for the office of State Senator.

I am the son of the late G. H. "Peck" Williams and Grace Parker Williams. Many of you remember my grandfather, R. J. Williams who was very active in Pearl River County and Hancock County in the logging and sawmilling business.

I attended the public schools in Poyune, Mississippi, and graduated from Poyune High School in 1942. I entered Marion Military Institute at Marion, Alabama and attended school there one year before entering the United States Navy on July 7, 1943. I served 2 years 9 months and 8 days in the U. S. Navy, two years which were spent overseas in active service. Upon my discharge from the United States Navy, I enrolled in the Forestry School of Louisiana State University at Baton Rouge, Louisiana and continued my education there through my junior year. Upon leaving LSU I was associated with and worked for my father, "Peck" Williams, in the logging and sawmilling industry for the next 10 or 12 years. These years of labor in the logging and sawmilling industry are one of the greatest experiences that I could have ever been offered me, as I became aware of the every day problems and needs which confront us.

At the age of 33, I enrolled in the School of Law at the University of Mississippi and continued my education until graduating as an attorney. Since my graduation, I have been practicing law in Poyune.

I am married to the former Daisy Smith, daughter of Mrs. Daisy Smith and the late William Harvey Smith, and we are the parents of two sons, Bob age 12, Jeff age 11, and two daughters Deborah age 8 and Rita Grace age 6.

I sincerely feel that my years of laboring in the logging and sawmilling industry and my experience as an attorney qualify me to fill this office, which is an honor to serve, and I am here to serve. Your support, assistance and vote will be greatly appreciated.

Youth Center, Scoops split pair in Pony

Youth Center and the Sea Coast Echo divided a pair of Pony League games during the past week. Youth Center bouncing the Scoops 16-2 Thursday after the Echo boys scored an 8-4 triumph Tuesday.

Joomy Collier hurled a three-miler at the Echo Tuesday in a game called after the third inning because of the score. Youth Center scored once in the first inning, added five in the second, then chalked up 10 more in the third frame. Both Scoops' runs crossed the plate in their final turn at bat.

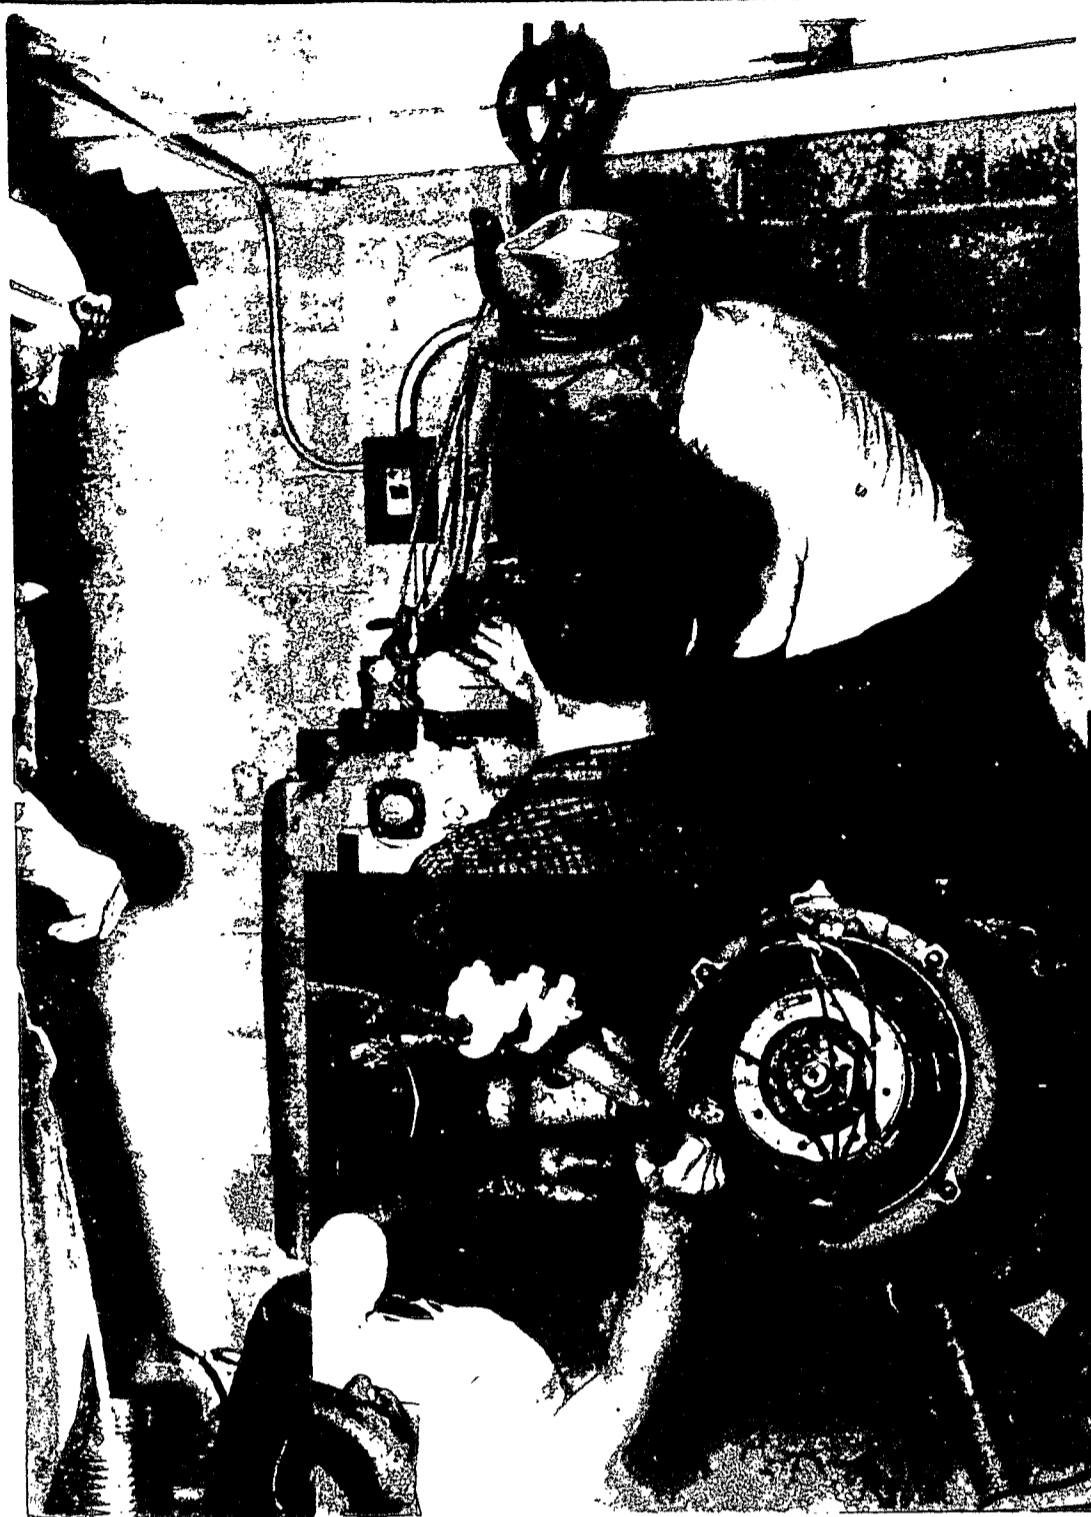

Danny Krankey collected three hits to pace Youth Center. Collier had two including a four-bagger and Stanley Weidman singled twice. Jimmy Lolacano, Bruce Cox, and Al Jacobi hit safely for the Scoops. Losing pitcher was starter Don Wiltz.

Coming from behind with seven runs in the third inning, the Scoops upset Youth Center 8-4 Tuesday. The defending league champs grabbed a 3-0 advantage in the second only to fall behind after the big Scoop third inning. Youth Center's final run scored in the fourth.

Whitney Carvin rapped three singles for the winners. Bruce Cox singled and doubled, Jimmy Lolacano collected a pair of one-basers, and Al Jacobi and Don Wiltz also singled. Vincent Cuevas clouted a home run and singled. Barry Favre doubled, and Stanley Weidman, Joomy Collier, and Bert Chevris singled, all in a losing cause.

Wiltz hurled the victory for the Scoops, with Danny Krankey absorbing the defeat.

No games are scheduled this afternoon, but action will resume in the Pony League Tuesday at 4:30 p. m. when the Scoops tackle league leading Fahey Drug.

A VOTE FOR SYLVAN J. LADNER, JR. IS A VOTE FOR GOOD GOVERNMENT

As the campaign for Sheriff and Tax Collector comes to a close I can sincerely say "that I have enjoyed making this race and appreciate the wonderful hospitality of the many people of the County who have given me encouragement and support."

I wish I could have talked personally with every voter in Hancock County, but since this is impossible, I earnestly invite all my friends to persuade their friends to support my candidacy.

I have never claimed to be perfect in anything, but I think the opinion of most of the people of Hancock County is that Sylvan J. Ladner, Jr., made you a good Sheriff and Tax Collector, when he served you before.

I gave you the best service in my power and I believe that my background of training and experience places me in a position to serve you again, in a more efficient and courteous manner.

The vote you cast on August 6th, 1963, may be the most important vote you will ever cast because the rapid growth of our county, which we will experience in these next years will bring with it many new and important problems. In the process of having this growth, we welcome the large number of good and desirable new citizens, coming to our county, from all parts of the country.

I think you will agree that my education, training and my on the job experience as a former City Commissioner and Sheriff and Tax Collector will help me to make the proper decisions when the problems arise.

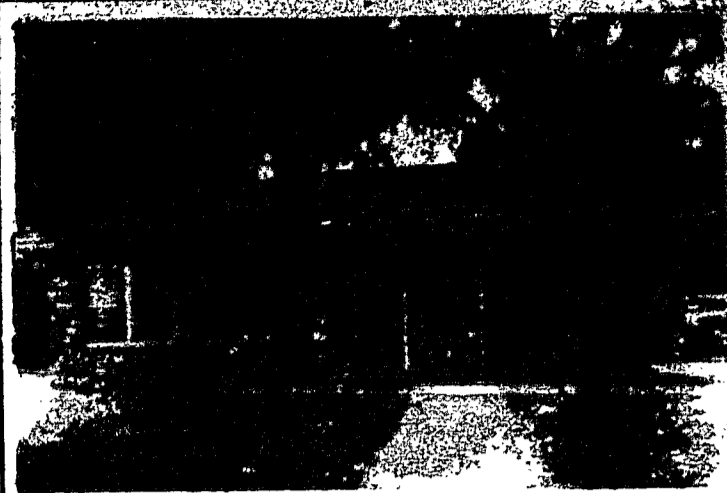

I seek the vote and support of those who want a Sheriff and Tax Collector who will be fair and courteous to one and all.

OREASE P. LAD

Announces For

Sheriff & Tax Collector

TO THE VOTERS OF HANCOCK COUNTY

I take this opportunity of seeking your support for
candidate for Sheriff and Tax Collector, of Hancock
County, a man which I have long wanted to take, and
opportunity and encouragement of family and friends, I
fully submit my candidacy for this office.

Although I feel that I need no introduction to the voters
of Hancock County, I would like to give you a brief history of my
background. I am a native and lifelong resident of Hancock
County, the son of the late Mr. and Mrs. Victor Lecher of the same
community. I received my education in the public schools of
County and have operated a large dairy farm for many years.
I am married to the former Edith Spleer and we are the proud
parents of nine children, three boys and six girls.

I believe that in politics, as in anything, we must take
ward or backward. There is no standing still. Politics is a
office, appointive or elective, no unimportant task. It
can afford to sit back and "let someone else do it." We
take part and do our equal share of "carrying the load."
why I am asking you to support me in this endeavor. I
change and it is up to all of us to bring this change about.

This election as in the past, you will cast your vote
choice between me and my opponents. As a native of Hancock
County, I hope that you will all "stand up and be counted"
by casting your vote for me on August 6th. For this new
treatment and justice tempered with mercy, help elect Orease
Ladner, as an independent candidate, for Sheriff and Tax Collector.
Thank you.

ELECT

A MAN TO DO A MAN'S JOB

Our County will soon be the site of one of the world's largest construc-
tion projects. It is common knowledge that gamblers, con-men, and ladies
of the evening follow closely behind these huge payrolls.

We feel sure that NASA will do all in their power to keep things straight,
but let's look facts in the face - our law enforcement agencies must do
most of the work of apprehending and handling this undesirable element.
The incorporated towns have their forces - the Highway Patrol can ad-
equately handle our traffic-offenders, but in the county at large is where
the crooks and their like will try to set up shop.

It will take a trained and determined law enforcement officer to handle
these hardened criminals that could and would corrupt our County.

If you elect FRED CURET, you can be sure that you've selected the
right man to do the job.

FRED CURET is a trained law enforcement officer.

FRED CURET is young enough to stand the pace, yet has the
maturity to give the job the judgment it needs.

FRED CURET promises to leave the patrolling of the highway
to the Highway Patrol.

FRED CURET promises to employ a competent accountant and
courteous clerks to handle the tax collecting.

FRED CURET promises to enforce the law and personally
supervise this part of his duties.

AN OPEN LETTER TO THE CITIZENS OF HANCOCK COUNTY

DEAR FRIENDS:

Four years ago the citizens of Hancock County honored me with election to the office of Sheriff and Tax Collector. This election came after a long and strenuous campaign, in which much was said and promised.

I feel that it is proper for me at this time to review the promises I made to you in that campaign, so that you may evaluate the current administration of your Sheriff's office, especially as it concerns the present campaign.

HUMBLY AND GRATEFULLY I SUBMIT THE FOLLOWING:

PROMISE:

There will be no syndicated gambling or slot machines permitted.

RESULT:

There have been none.

PROMISE:

There will be Sheriff's personnel on duty 24 hours a day in the Sheriff's office.

RESULT:

The Sheriff's office has not been closed. In this connection a crime of armed robbery was committed late one night and the culprit was arrested within 30 minutes in another county. Without this 24 hour service, he could have been out of the state within an hour and never caught.

PROMISE:

To encourage and sponsor youth activities.

RESULT:

Young people must learn to respect law officers as friends and not to dread them. We have encouraged youth group activities and sponsored the Junior Sheriff's baseball teams.

PROMISE:

To enforce the law without partiality or favoritism; and for the best interest of all citizens.

RESULT:

The record of our arrests and convictions obtained supports our promise to do so. We have not only arrested, but we have worked long, hard hours digging up necessary evidence to prove our case in court. In law enforcement, someone is bound to be hurt. All good officers regret the result of crime and law violation and they hate the necessity of their actions. In one case, a cattle resting case, it was necessary for us to prosecute men who were supposed to uphold the laws of another state. This was difficult, but it was done. It hurts to arrest and convict your neighbors, but at times it is necessary.

PROMISE:

To tie Hancock County into a radio net with our neighboring counties to provide maximum effort and cooperation in law enforcement.

RESULT:

Hancock County, through its Sheriff's office can reach virtually all of Mississippi at any hour of the day or night. As an example, we received a call on a double murder one morning, and through our radio contact, the murderer was picked up in the Delta and a deputy was on the way to get him in less than four hours after we were called.

In addition, we have formed auxiliary units for the purpose of search and rescue, and have obtained civil defense teletype service by having these units. An additional benefit to the citizens of Hancock County is that through this Civil Defense network, we receive three weather advisories a day, giving us early warning of bad weather, which we relay to the operators of boats.

We also have established emergency communication with Hancock General Hospital and can provide emergency communication for the hospital should they lose their telephone service.

PROMISE:

To patrol the communities consistently to render all types of protection.

RESULT:

Through activities of deputies, the safety record on the highways has been outstanding. There has been only one fatality on Highway 90 in the last two years in Hancock County. Through the radio system, accidents are investigated quickly and deputies are on the scene of trouble spots in a matter of minutes. In May 1963, the radio operator received a call from Emmett Demoran that a burglary was in progress. By radio contact a deputy was on the scene in minutes and caught the thieves in the act. This is the rule rather than the exception and many incidents could be cited. A book could be written from our radio log.

PROMISE:

To work the prisoners who were able bodied.

RESULT:

Able bodied prisoners have been worked regularly. This provides a service to the county and improves the state of a prisoner's confinement. People otherwise wasting time can be made to perform useful tasks. This also has helped beautification and helped keep the city and county clean. These prisoners have been used on occasion to fight woods and grass fires.

PROMISE:

To put uniforms on deputies and to mark the Sheriff's cars.

RESULT:

This was done and resulted in higher morale on the part of the Sheriff's personnel and also assisted in law enforcement as the public will respect an officer in uniform quicker than one in plain clothes.

PROMISE:

To give the Citizens of Hancock County the most efficient Sheriff's office possible. To establish auto tag stations for tag sales out in the county.

RESULT:

Tag stations have been maintained for tag sales in the month of October for the convenience of the citizens. The operation of the Sheriff's Office is paid for by the Sheriff, and not by the Tax payers. As an example, the Sheriff's cars were bought by me and maintained by me. All gasoline is paid for by me personally. All personnel of the Sheriff's office are paid by the Sheriff and not by the Tax payers. The radio in the Sheriff's office and the ones in the patrol cars are the property of the county, but the operators are paid by me personally.

So many of you have spoken to us about the service we have rendered, and have urged my son Gerald to seek this office that we are confident that our faithful performance has been recognized and appreciated.

Throughout this term Gerald Price, Jr., has been in the midst of the planning and development of all of these programs. I am proud to endorse and support his efforts to succeed me in office. I can assure you all that he can and will carry on what I have started and will expand those service even further after election. With your help, and God's blessing, my son will make you a worthy officer.

Due to the requirements of the office of Deputy Sheriff, Gerald has been tied down to performance of his many duties and may not have been able to see all of you individually. This has not been through neglect on his part, but in law enforcement, the public peace must come first.

I am grateful to you all for your past consideration and I will personally appreciate your support for Gerald.

Sincerely Yours,

GERALD V. PRICE, SR. - SHERIFF & TAX COLLECTOR

Realty nips Traps in CYO

Southern Realty, regular tournament winner this summer, again took up honors Sunday, winning the softball affair at St. Stanislaus Stadium sponsored by School time...

(Cont. from Page 1.) schools, Our Lady of the Gulf Parish School will open its fall session Tuesday, Sept. 3, with the addition to its curriculum this year of a kindergarten. Twenty-one pupils have been enrolled so far and instructor will be Mrs. Francis Shippey.

The new Church of Annunciation Parish School at Kila, which will offer grades one through eight, has Monday, Sept. 9, as its opening date and 79 pupils have registered there to date.

At St. Joseph Academy, textbooks and schedules will be distributed Aug. 29 and 30 between 8:30 and 11:30 a. m. and 1:30 to 4 p. m. while boarders are to return Sept. 3 for the start of the 1963-64 session.

The boarders' list there has been filled for two months, according to Sister Eugenia, principal, and a host of foreign nations will be represented in the student body this year in addition to those from Louisiana and neighboring places. Some grades already have been doubled with the increased enrollment in the high school division but little change will be reflected in the seventh and eighth grades.

St. Stanislaus College will open its fall term Sept. 3 with the same enrollment as in the past, based on capacity of the physical plant.

At Christ Episcopal Day School, classes will begin Tuesday, Sept. 3 and a limited number of vacancies remain in most grades. The office is open from 9 a. m. to 3 p. m. daily for registration.

Faculty changes at CEDS this year include appointment of George Demopoulos of Biloxi as fifth grade teacher succeeding Mrs. Leah Lott who resigned. Mrs. Guy Parsons, who moved here from Baton Rouge and did some substitute work last session, will become second grade teacher and Mrs. Charles A. Russ, III, who formerly handled that class, will devote her full time to her duties as principal.

St. Rose de Lima School will register its pupils Aug. 29 and 30 for classes beginning Sept. 3. Sister Leonorine, principal, said appointment is pending of the seven teachers to be assigned here.

Primary...

(Cont. from Page 1.) absent voting permitted under state law.

The county election commission is slated to check over eligibility of late registrants some time this week. Its last count showed about 6,600 qualified electors in the county.

Leo Seal, Jr., Democratic committee secretary, reminded voters to take with them to the polls receipts or duplicates of 1961 and 1962 poll tax payments or certificates of exemption if they do qualify. He said instructions on conduct of voting will be mailed to all election managers. It was noted that write-ins on a ballot in the primary disqualify that ballot.

Meanwhile R. B. Williams of Poplarville, Pearl River Democratic chairman, reported John V. Linder's name will be added to the ballot for the senate race there after eight of the 15 committee members signed a petition requesting this move. The other members assented, Williams said. Linder's candidacy had been questioned since he properly filed in Hancock County but not in Pearl River which also is in the 43rd district.

the local Catholic Youth Organization. Realty defeated Traps' Knock-Knock in the finals. Rev. Michael Kelly of Our Lady of the Gulf Catholic Church expressed appreciation to all who worked and gave donations, and also thanked participating teams. Others taking part were Crankey, Retniks, Roland Signa, Ladder Seafood, Long Beach Merchants and the host CYO squad.

WOODROW J. PIPPINS OF LEETOWN INSPECT THIS YEAR'S TOMATO CROP

Farming at Leetown

Pippin raises food for home, cattle

A man who believes in home production of food for both his family and livestock is Woodrow J. Pippin of Leetown community. On his 260-acre farm, Pippin provides food for his 119 head of cattle and his four-member family.

The Pippins have been in Hancock County for two years. They are originally of Frankville, Ala., but after 17 years as control manager of an oil company in Houston, Tex., Pippin decided to try farming in this area.

And successful he has been. From the 52 cows milked each day, approximately 1,500 pounds of milk is shipped daily to Mississippi Milk Producers Assn. Pippin follows experiment station suggestions through the local extension office and Soil Conservation Service, a record-keeping program with the Dairy Herd Improvement Assn. to determine proper feeding of his herd. Each cow is fed according to production.

Approximately 120 acres is in improved pastures and 125 acres in temporary grazing land which includes oats, rye grass, millet and sorghum. Fifty-five acres are used for corn silage and 80 acres for hay including Alyce Clover and Bahia grass. Pasture

grasses include Bahia grass, Crimson clover, White Dutch, and Fescue.

Pippin has facilities to store 750 tons of silage and 200 tons of chopped hay. He uses a grass chopper for cutting hay to keep its quality. The chopper takes half the time as the ordinary method of cutting and baling and removes 65 per cent of the moisture. This is a rather new technique for this area.

Pippin is a firm advocate of mechanical equipment for farm work. He estimates 80 per cent of his labor can be saved by machinery and that with machinery he and his son can do the work of from five to seven men.

Pippin practices the control of external and internal parasites on all his cattle. He cooperates with all the farm agencies in the county. His affiliations include director of the American Dairy Assn., Mississippi Milk Producers Assn., director of Hancock County Farm Bureau, secretary-treasurer of Picaune's Artificial Breeders Assn., commissioner of Hancock County Soil Conservation program, and member of the Wildlife and Recreation Committee, District 6.

Mrs. Pippin and daughter,

Wanda, keep the 750 pound freezer full year round. This summer's freezing includes 50 quarts of berries, 85 quarts of vegetables, 104 quarts corn, and 200 pounds of frozen beef. In addition, they have canned over 200 pints of vegetables, fruits, jams, jellies and pickles.

The family includes 19-year-old Douglas who was graduated from Hancock North Central High School last year and who will continue to help his father with the farm, and 17-year-old Wanda, center of North Central next year. In addition there are three daughters who live away from home, Mrs. L. L. Arnold,

Pasadena, Tex., Mrs. Larry Barber, Houston, Tex., and Myra Joe. The entire family extends an invitation to Hancock Countians to visit their farm.

MAKE YOUR CHOICE ... WITH YOUR VOTE AUGUST 6

LT. GOV. PAUL B. JOHNSON

"REFERENDUM" VOTE WILL TELL THE NATION WHERE MISSISSIPPI STANDS

In official acts on your behalf, Governor Ross Barnett, Lt. Governor Paul Johnson and your Legislature have expressed your righteous resistance to federal force, your outrage at the Kennedys.

Were your officials right or wrong to stand up for your rights?

You will answer with your ballot in a "referendum" August 6. A vote for Paul Johnson will say you approve of the stand. A Johnson vote says you want Mississippi to continue opposing the power concentration at Washington.

The nation-conservatives and left-wingers

Which Mississippi candidate do the Kennedys and their left-wing crew want most to defeat August 6? ... Answer: Paul Johnson.

Because, when he opposed the Kennedy power grab in his official role as Lt. Governor, Paul Johnson became a symbol of Mississippians' resistance to political dictatorship. Lt. Governor Paul Johnson's defeat would be seen nationally as Mississippi's surrender-by-ballot to the Kennedys.

Only an overwhelming Johnson victory will tell all America that Mississippi stands united and unyielding ... and that we will do our utmost to beat the Kennedys in 1964.

alike-will see in the vote totals an answer to another question: "Will Mississippians stand firm ... or will they knuckle under to the Kennedys?"

We are convinced that "moderate" J. P. Coleman is the Kennedy candidate. He says no. Whether he is or isn't, the rest of the country sees Coleman as the Kennedys' man, and would interpret his election as a sign that Mississippi had surrendered.

Regardless of how vigorously Sullivan assails the Kennedys, his election, too, would be "read" by the nation as a weakening of Mississippi's position.

Among the candidates, Lt. Governor Paul B. Johnson is the only man who symbolizes - nationally as well as within our state - Mississippi's resistance to the Kennedy-dominated federal government. Election of any candidate other than the Lieutenant Governor would constitute a rejection by the citizens of the State of Mississippi's official stand.

Only by giving Paul Johnson an overwhelming victory at the polls can you say to America: "Mississippi continues to stand united and unyielding against the would-be dictators ... come and join us!"

Your Vote For Johnson Is Your Own Personal Answer To The Kennedy

Beyond the present

When news of the Goeckel report on "The integration and participation of the negro in the Armed Forces" was first released last week, it was apparent that the report and its recommendations would not be limited to its title. That the report and its publicity was one of those manufactured items of "controlled" news for which the present administration is noted can hardly be doubted.

Monday's papers carried the follow-up—the Department of Defense directive based on the recommendations of the Goeckel report and a story on how Mr. Alfred B. Fitt, now assistant secretary of defense for civil rights, looks on his new job.

After all the verbiage, from the manipulated report to the defense department order to the special story on Mr. Fitt, is discarded one basic fact remains. The present administration now openly says that if someone does not conduct his business the way the administration thinks he should then the administration may use the economic power of placing his business "off-limits", thus making it a criminal act for a serviceman to do business with him.

While the threat made in the defense department's directive and by Mr. Fitt is listed under Equal Opportunity in the Armed Forces, it itself goes beyond that; and, while, this time the threat of this economic sanction is for the purpose of forcing President J. F. Kennedy's views on race on others, next time it could with equal logic, effect and lawfulness be used for any purpose the chief executive desired.

The importance of the action taken by the administration goes far beyond the present. It is another unveiling of the fact that lawfulness and unlawfulness are mere words to the administration.

We wonder how many in the congress will look beyond the present?

Syncom II and

Several things stand out in our memory of a trip to Cape Canaveral last week and the briefings and tour we had of several of the NASA and Air Force launch complexes and other structures. Most vivid was the launching of Syncom 88 by a Thor-Delta booster. The blastoff is far more spectacular and beautiful than any tv showing and the noise much less than we anticipated, loud though it was. However, the press roof from which we watched was about two miles from the launch pad while the Delta rocket is truly small compared to those to be test fired at MTO.

Along with many others we are now witness to the spiraling growth of the area, though we saw only a small part of it. We now understand a little more about the complexity of the test operations being carried on at Cape Canaveral, but in that realm we mainly got an inferiority complex from understanding so little and wondering if we even understood that.

But what piqued our imagination the most was a news item in the Brevard Sentinel, last Friday telling of NASA's decision to consolidate all its air cargo traffic at one of the three airports currently being used. In reading the story we learned that NASA and Defense Department personnel alone account for 110,420 passengers to the area's airports a year now and that the figure is expected to jump to 277,000 by 1970.

We realize that between the Defense Department and NASA, their contractors and subcontractors, some 29,000 are employed at Cape Canaveral compared to the 1,700 to 2,500 anticipated at MTO three years from now, but it still started us thinking and it is a first thought was: Isn't it about time Hancock County had facilities for planes larger than commercial Piper Cubs?

A year ago Beat 5's representative, Mr. R. G. Hubbard, tried to come up with some solution, but got little or no support from the rest of the board and opposition from some small plane pilots. Along with making plans to cope with the expected growth of the area, enlarging and improving our air strip lost out to petty politics.

Only honorable

We hope all who intend to support in the general election those nominated in next Tuesday's Democratic primary will note next Tuesday. We hope no one else will.

Actually, the law of Mississippi prohibits anyone not intending to support the nominees of a primary from voting in that primary. The law, however, is not enforceable. But completely aside from the law it is hardly an honorable act to say you're a Democrat or a Republican or a States Righter or a Liberal when you are not. This would include those who consider themselves of the party. And a political party's primary election is held for members of the party can select its nominees.

We assume that Republicans, Socialists, Constitutionals, etc., as well as independents will stay away from the polls Tuesday. It's their only honorable course.

ITSA LIVING -- by Al Johns

"ARE YOU THE NEW MAN?"

New Twist

We are reprinting today an editorial from the Jackson Clarion-Ledger of last Friday in which its editor uses Gov. Ross Barnett's and Lt. Gov. Paul Johnson's "two minutes" at Oxford last year as a text and comes out with a pretty good editorial.

A few days ago we would have read it with interest but not considered reprinting it since we thought and still think that the governor's and lieutenant governor's action was ill advised though it did serve to highlight one facet of the creeping dictatorship toward which this country is apparently headed.

However, a release this week from Candidate J. P. Coleman's headquarters quotes him as complaining that Candidate Johnson didn't stay at Oxford long enough. This is a new twist for us, since if Mr. Johnson didn't stay long enough in Mr. Coleman's opinion at least Mr. Coleman must think he should have gone there to begin with.

So we'll roll with the punch and the editorial is reprinted.

By demand Our Readers Write

Editor, Sea Coast Echo:

There recently appeared in the Daily World the enclosed article which I thought you may be interested in reprinting. It is entitled "Learn South's Ways are Best" by Sudie Mae Lewis of Chicago, Ill. The article first appeared in the Jackson Daily News and at the request of a resident of Port Barre, La., it was reprinted in the Daily World. It appeared in the issue of Sunday, July 14, 1963.

Enclosed is a copy of that article.

Yours truly,

KATHRYN WILLIAMS
Opolousas, La.

(EDITOR'S NOTE - Mrs. Williams is the latest of several to suggest we reprint the letter from Sudie Mae Lewis to the Jackson Daily News. Those of our readers who also read it several weeks ago in the Gulfport Herald are just getting two doses of the same interesting observation.)

Editor, Daily News:

I have written several leading magazines supported by the NAACP but have yet to see one in print of a word of acknowledgement. So once again I turn to my white friends to get action.

I have taught many colored children in the Deep South, and was born and raised in the cotton field myself. To some this may sound like a starved, inhuman existence. Let me say here that these were the happiest days of my life.

I am getting on in years now, my health is gone, I long to spend my last days and to be buried deep in Mississippi soil. I want my own kind of people to lay me away in Christian manner in the church yard.

Eleven years ago I headed the wild tales down there of a wonderful North. I came to Chicago with the hope of being a society lady like I had heard so much about. But what I want to tell my people, the colored people of Mississippi, is this: Just being allowed to sit up front on the crowded buses and here and there a colored child in school with the whites does not mean and will never mean that the respectable white people will take you into their hearts and homes fully and freely as they do one of their own kind.

And the whites that will and do

Two Seconds Is Sufficient Time For Great Events To Transpire

Representative J. P. Coleman, in a political attack upon Lt. Governor Paul Johnson, attempted to belittle the courageous stand made by Governor Ross Barnett and Paul Johnson when United States marshals attempted to force over the shoulders of James Meredith to Ole Miss.

In attempting to minimize this stand, he charged that two minutes' stand against United States marshals does not equal a man to serve as governor of a state. This of course is not Paul Johnson's only qualification for governor but history will record it as one of the most important minutes in the last decade.

Others have had the same opportunity and failed.

The governor of South Carolina had this two minutes but he failed.

The governor of North Carolina had this two minutes but he turned his back.

The governor of Virginia had these two minutes but he preferred to capitulate rather than face the crisis.

The Governor of Georgia had these minutes, but he could not face the force of the federal government.

Representative Coleman had this two minutes when he was employed to represent the Board of Institutions of Higher Learning, but he preferred not to meet the challenge. And we assume the board employed him as their attorney because he openly boasted of his ability to meet integration intelligently and his ability to resist the power demand of the Kennedy administration effectively. Any Mr. Coleman could have followed his advice, but he took two minutes to take the congress

followed by the governor and lieutenant governor.

It took less than two minutes to fire the shot heard around the world.

It took less than two minutes to sign the Declaration of Independence, — and a whole lot of courage.

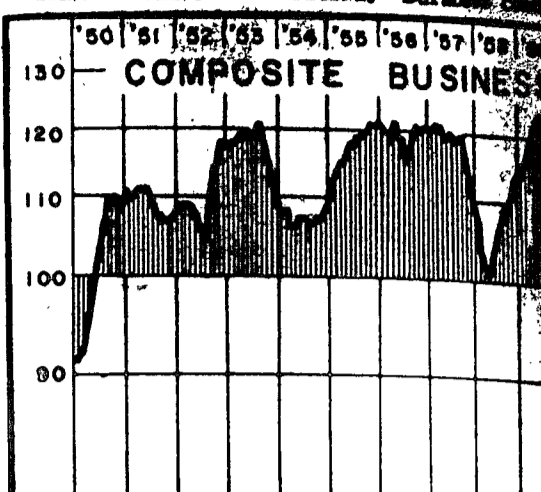

These formed the base upon which our present independence was built. Without either of these events, our story and our course could never have been heard or fought.

Which of us today would say that it was not worth the two minutes or the struggle. Yes, many, many men have had the same opportunity to make giant stands that would require less than two minutes but more courage than most of us have.

This two minutes stand was another strike for liberty. Without Governor Barnett's

The upward trend of industrial activity made a little more headway in the month of July. This was reflected in the new high established by our Composite Business Chart shown below.

The reading for the month was 130.4 compared with 130.1 for June and 126.3 a year ago. As was the case in June, extension of the up-tick in business was due primarily to less-than-seasonal lead-ins in many industries.

Last bulwark — your vote

Next Tuesday, Aug. 6, some 425,000 Mississippians are expected to go to the polls to cast their votes in the first Democratic primary election, marking their ballots for candidates ranging from governor to constable.

In no other realm of human choice, perhaps, is a man so much the "master of his fate" as in a free election, like the one coming up Tuesday. You have absolute freedom of choice. When you enter the voting booth you have the right, duty, and choice to cast your ballot for the candidate in each position you honestly believe will fill the office to the best interests of all. You are in absolute control of your ballot.

Above all, make up your own mind for whom you should vote and vote. The Mississippi Economic Council's monthly publication carries these words from Plato: The Punishment Which the Wise Suffer Who Refuse To Take Part in the Government is to Live Under the Government of Worse Men.

Your vote important? Listen to the following from history: In the United States Senate, the roll call deciding whether we should go to war with England passed by only one vote... the historic vote was cast by a Rhode Island senator—who was elected to the post by a one-vote margin.

Thomas Jefferson was elected president by one vote in the electoral college... and so was John Quincy Adams and Rutherford Hayes. One vote gave statehood to California, Idaho, Oregon, Texas and Washington.

The Draft Act of World War II was passed in the House, by just one vote.

In 1948, Dewey would have been elected over Truman if there had been just one additional vote in each precinct. And the last presidential election was even closer.

Your vote is important. It is your last bulwark in maintaining freedom—yet too many fail to exercise the right, that is also a responsibility. Vote for whom you please—but vote.

EYE HOSPITAL BAD BILLS — Consideration of legislation to protect hospitals against transient "bill beaters" featured the closing session of the Mississippi Hospital Assn. convention at the Buena Vista Hotel in Biloxi. Prominent among program participants at this convention were from left, Preston Hill, L. O. Crosby Hospital, Piquette; C. P. Wimberly, Memorial Hospital, Gulfport; and Tom Logue, Hancock General Hospital.

Following the sign

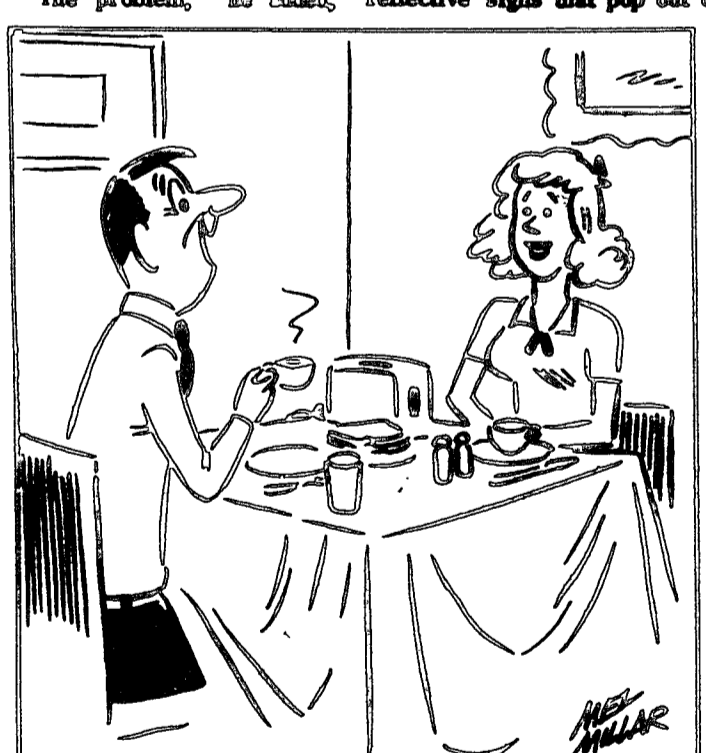

In one of the warmer, more humorous speeches presented recently, Michael J. Hartigan, a traffic engineer with the Illinois division of highways, claimed,

"In an integrated school, One other thing I have learned I want to pass on to you — nine out of every 10 dollars you hand over to the NAACP goes to pay the white agitators of newspapers and magazines. This is no hear-say. I've worked for them and I know. Their price is high. They are well paid to peddle their agitation and stir up trouble. And all they care about is the money you hand them. Just try paying them a social call. In fact, the whole north, both black and white, is sick and tired of the mean B's-made-of this entire segregation business."

Stick to your own way of life, be proud of your own race. Instead of trying to push and shove into places where you won't be happy. Today I have to regret I was born black. I have done what I could to help my race improve their way of life. Don't ever blame the white race or any other race for any of your failures. The fault is purely your own. We all have the same opportunity. It's up to each race to rise or fall.

You've never had it so good as you have in dear old Dixie today. God being willing, I'm coming back to Mississippi where black is black, white is white, and all a friend to man.

SUDIE MAE LEWIS, Chicago, Ill.

"The Sales Manager made a big hit at the banquet last night. When called on to make a speech, he declined to do so."

"Is the non-variable driver, the person who drives 35 miles an hour in 20-mile zones and 35 miles an hour in 70-mile zones."

"Speed zone signs need to be used as a guide," he claimed, "but people have a tendency to ignore the badly cared-for sign, the one that is bent or dirty. A sign must be as sharp as a snappy policeman if it is to be obeyed."

After talking about good signs, reflective signs that pop out at the darkness at night and need for maintaining signs people will pay strict attention to them, Hartigan also said that there are three things that speed zone tolerance.

"There is the speed tolerance for local people. It is the speed tolerance for politicians, and thirdly, some tolerance for out-of-state residents," he claimed.

authorities have a tendency to interpret speed limit signs for each group of people. It is hard to really get to the bottom to speed zone tolerance. It will have to be more people and their interpretation of it.

Sollter pitching highlight

Deadlock continues in women's league

Mollere Realty and Moran coasted to victories Thursday and Sunday nights at City Ball park, and remained deadlocked for first place in Women's Softball League competition. Jerome clinched third place during the week despite dropping two games.

Mollere Realty turned in the league's best defensive performance of the season Sunday night, riding Dale Sollter's steady pitching and some sensational fielding to a 6-1 win over Jerome.

Marie Pierce and Sandra Williams each slipped two hits in three trips to the plate in pining Mollere, Patsy Carver singled to score Bonnie Taylor in the second inning for the lone Jerome run, marking the only time during the game that the losers put forth a threat. Jo Ann Colson was the losing pitcher.

Moran turned on the power in Sunday's other contest, but had to fight hard before emerging a 3-8 winner over Our Lady of the Gulf. Diane Schneider, Beverly Lopez, and Annie Ruth Dahl all blasted home runs to pave the way while Bertie Faye Necaise won on the mound.

Elnore Yarborough and Margie Lenfant were the big guns for OLG with two hits in three bats. Lenfant was the losing pitcher.

Mollere backed Dale Sollter's always-tough pitching arm with a five-run outburst in the first inning en route to a 9-1 triumph over OLG in the second of two Thursday games.

Paula Crider, Carolyn Scarborough and Henrietta Wescovitch were 2-3 with the stick for Mollere while Mary Allan had 2-3

for OLG. Sollter went the distance for the hurling victory with Fredo Pernicaro taking the defeat.

Moran scored by threes in chipping Jerome 9-3 in Thursday's opener. The winners tallied three in the first and second innings and never trailed, adding three insurance markers in the fourth. Ret. Pearson was 3-4 and Beverly Lopez 2-3 for Moran with Bertie Faye Necaise allowing only five scattered hits while gaining the pitching victory.

Piji White clouted a home run for Jerome in the second inning to provide the highlight of the evening for her team. Jo Ann Colson was the loser on the mound.

Pending completion of the state tournament now going on in Biloxi in which Jerome, Moran and Mollere are participating, one doubleheader remains to be played in regular league competition pitting Jerome vs. Moran and OLG vs. Mollere Realty. Annual post-season playoffs, in which all four league teams will participate, will then begin.

Realty blanks Trapani in Yarborough pitching

Yarborough, former-land ace, handcuffed three hits in as many trips to the plate to pace Realty's scoring attack. Hoover Garrett and Gene Tarnest both had 3-4, Don Saunders, Alvin Lachner, and Richard Schaefer all were 2-3 at bat for CYO.

Billy Osborne turned in another sparkling mound performance for Realty in going the distance for the win. Alvin Lachner was charged with the defeat.

The schedule for play-offs was incomplete at Echo press

time, depending upon the outcome of last night's double-header which found Trapani facing CYO and Southern Realty battling Klyn Youth Center. Assuming that the Traps and Realty won as expected, they will participate along with Realty in a series of games Friday and Monday nights to determine playoff positions. Four-team play-offs are set to begin next week.
